# TREK THE TRAIL 5K RUN/WALK

# SPONSORSHIP INFORMATION

Helen and Arthur E. Johnson  
Beth-El College of  
Nursing and Health Sciences  
UNIVERSITY OF COLORADO COLORADO SPRINGS

University of Colorado

Boulder | Colorado Springs | Denver | Anschutz Medical Campus

Dear Potential Sponsor,

The Helen and Arthur E. Johnson Beth-El College of Nursing and Health Sciences at the University of Colorado Colorado Springs is hosting the UCCS 9th Annual Trek the Trail Family Weekend 5k trail run/walk, in partnership with nursing and health science student volunteers and program faculty.

We are asking for your support of this event and our students. Please consider sponsoring this year's fun run/walk. We offer several ways to show your support of the next generation of health care professionals.

As a sponsor, your organization may include sponsor table display at the event (display provided by you), information and organizational contact information on event website, logo printed on event t-shirts, entries to the 5k event, and sponsorship recognition in social media, online, and the Johnson Beth-El college communities.

This event fosters leadership opportunities for students, is a zero-waste event concentrating on sustainability and leave-no-trace ethics, and is the only trail-based run/walk on the UCCS campus. Since inception, Trek the Trail has raised over \$10,000 in student scholarships, has provided leadership and learning opportunities for over 140 student volunteers, and has annually brought nearly 200 runners and walkers to campus trails from around the state of Colorado.

Each year, students volunteers, UCCS faculty, staff and community members come together to organize and execute this meaningful event. Trek the Trail 5k is in the truest spirit of the UCCS core values through providing life-enriching experiences, integrating student learning, and collaboration both on and off campus. Students apply their knowledge and skills in a real world setting, collaborate with peer students, and promote interdisciplinary and preventative health care.

Thank you for your consideration in supporting our students and ensuring the success of this powerful event. Without your support, this event would not be possible. We are grateful to provide funding for future scholarship recipients.

If you have any questions about the event or need further information, please do not hesitate to contact us.

Sincerely,

Jess Kirby  
Event Director  
Assistant Professor of Health Sciences
