

SPORT & PERFORMANCE ANALYTICS INTERNSHIP

The Performance Science Center (PSC) at the U.S. Air Force Academy in Colorado Springs, CO is seeking sport & performance analytics interns to support our 30+ athletic teams and military applications. This experience will focus on projects revolving around data collection, analytics, visualization, and reporting. Students do not have to be experts in data analytics but should be open to learn these techniques and refine their skills throughout their experience.

Qualifications:

- Minimum of a 12-week commitment with year-long preferred.
 - Fall: Aug-Dec; Spring: Jan-May; Summer: May-Aug
- Graduate (preferred) or Undergraduate candidates must have completed a minimum of 3 years of college education with a major in one of the following fields: Data Science, Data Analytics, Kinesiology or other related field.
- Experience with database management, analysis, and visualization (knowledge of R, Python, and Power BI preferred)
- Ability to effectively communicate sport science data information to coaches, sports medicine, strength & conditioning, and cadet-athletes.

-Please send a resume, cover letter, and 2 references in ONE pdf to
Dr. Nick Dinan (nicholas.dinan@afacademy.af.edu)

-Deadlines: Spring - November 30th; Summer - March 30th; Fall - June 30th
