VOLOUNTEERS NEEDED

Investigating the effects of heat exposure on cognition, motor skills, and mood state. (Get volunteer hours and a free BodPod!)

Are you a healthy active person between the ages of 18 to 65 years, without any known cardiovascular/heart issues and are not pregnant?

If so, please get in touch to participate and more information will be provided

What is involved:

1 Screening session (1 h)
2 lab visits (1 hot, 1 temperate; 3-4 h each; ~9 h total time commitment)

Physiological measures (rectal and skin temperature; blood, urine and saliva samples; heart rate; ratings of thermal comfort and ratings of aggression), cognitive scores, and motor skill performance will be measured

Where:

Hybl Sports Medicine and Performance Center
4925 N Nevada Ave,
Colorado Springs, CO 80918
